

Parish Councillors' Guide to Rural Affordable Housing

- Are local people finding it hard to find a home they can afford?
- As a Parish Councillor you can help them
- This Guide shows you how

How you can make sure the homes are right for your community:

- Meets your parish's needs
- Designed to be in keeping
- High quality and fit for the future

From first idea to people moving in, this Guide explains:

- Your options
- The stages of the development process
- How the homes are allocated and managed
- The key players
- Who can support you

For each step of the way, see how you can be involved.

The future of your community is in your hands.

Across rural England, parish councils are leading the way in providing affordable housing.

You too can make that difference.

- Read how you can gain affordable homes that meet the needs of your community.
- Hear from Parish Councillors about their schemes.
- Listen to the residents talk about what their new home means to them.

“This development of six homes makes a valuable addition to the four other houses built by Hastoe in 1995. These homes are not only pleasing to the eye, they provide a safe place to live in a beautiful part of Devon right on the national park. I want to thank everyone who made it possible.”
Chair, South Tawton Parish Council, Devon

“It’s great to get an affordable home to rent near my family farm and where I grew up. We couldn’t be happier. Thanks to all who have helped make this happen!”
Resident, Taddington Peak District National Park

“The Parish Council were concerned that so many of our young people leave the village through not being able to afford to buy here. We are thrilled to see this project come to fruition and to have helped 11 families that have strong connections to the village”
Chair, Denmead Parish Council, Hampshire
