## Introduction

### 1. Purpose

- 1.1 A hate crime is motivated by and offenders belief or assumption towards the victim based on 'who' or 'what' that offender believes that victim to be.
- 1.2 Connexus will not tolerate any form of hate crime directed towards or perpetrated by our tenants, leaseholders, employees or contractors
- 1.3 Scope: The policy applies to the whole of the Group. This means Connexus Homes Limited, (ultimate parent) and all of its subsidiaries.

### 2. Problem to Solve

#### Hate Crime

- 2.1 Hate crime is the term used by criminal justice agencies like the police or the Crown Prosecution Service to describe an incident or crime against someone based on a part of their identity. A hate crime is defined as 'any criminal offence which is perceived by the victim or any other person to be motivated by hostility or prejudice based on a person's race or perceived race; religion or perceived religion; sexual orientation or perceived sexual orientation; disability or perceived disability and any crime motivated by hostility or prejudice against a person who is transgender or perceived to be transgender.
- 2.2 Hate crime can fall into one of three main types:
  - Physical assault
  - Verbal abuse
  - Incitement to hatred
- 2.2a Physical assault is any kind of offence where an individual or a group attacks a person physically, with or without the use of a weapon, or threatens to hurt that person. It can include scratching, pushing, kicking, punching, throwing things, using weapons or physically restraining another person.
- 2.2b Verbal abuse can include threats or name calling; which can be a common and unpleasant experience for all, but in particular minority groups. Victims of verbal

abuse are often unclear whether an offence has been committed or believe there is little they can do.

- 2.2c Incitement to hatred occurs when someone acts in a way that is threatening and intended to stir up hatred. That could be in verbal, picture, video, music and includes information posted on websites.
- 2.3 Victim Support also recognizes crimes targeted at alternative sub-cultures (such as Goth) as a form of hate crime.

### **Non-Crime Hate incidents (NCHI)**

- 2.4 A NCHI is defined as:

‘any incident where a crime has not been committed, but where it is perceived by the reporting person or any other person that the incident was motivated by hostility or prejudice based on a person's race or perceived race; religion or perceived religion; sexual orientation or perceived sexual orientation; disability or perceived disability and any crime motivated by hostility or prejudice against a person who is transgender or perceived to be transgender.’

- 2.5 Someone doesn't need to personally perceive the incident to be hate related. It would be enough if another person, a witness or a Police Officer thought that the incident was hate related.
- 2.6 NCHIs are recorded by the police to collect information on 'hate incidents' that could escalate into more serious harm or indicate heightened community tensions, but which do not constitute a criminal offence.

## **3. Method**

- 3.1 Connexus will act against Accused and provide maximum support to victims. To do this, we will:
  - Make initial contact within 1 working day of receiving the complaint.
  - Adopt a victim centered approach and make appropriate referrals for additional support for the victim.
  - Conduct a prompt investigation jointly with other agencies (where applicable) to ensure that swift action against Accused is taken and that victims are adequately protected.
  - Initiate legal action for breach of conditions of tenancy where appropriate.
  - Provide support to the victim after the incident
  - Keep comprehensive notes and records of the case and contacts with victims, witnesses and Accused.
  - Seek to gain possession in cases of criminal convictions.
- 3.2 Most hate crime/NCHI cannot be tackled in isolation by a single agency and thus working in partnership with other relevant agencies is necessary. Hate crime and its causes and effects are wide and varied and our work could not be effective in dealing with these issues without a partnership approach. To do this we will:
  - Assist and refer to suitable agencies and support services.

- Liaise with the Local Authority's Housing Options team if the victim is unable to return home to secure a place of safety.
- Take a multi-agency approach with the aim of exchanging information and sharing resources. We are signatories to the Information of Sharing Protocol with West Mercia Police and relevant partners.

## 4. Reporting

- 4.1 We will encourage customers to report any hate crime and/or incident to the Police themselves, however, should they choose not to, we will report the incident ourselves to ensure that it is recorded accurately and that the Police are fully aware. If the customer wishes to remain anonymous, then the incident should be reported at [www.report-it.org.uk/home](http://www.report-it.org.uk/home)
- 4.2 We provide a variety of routes to report these incidents to us, phone, face to face, website and email. Where we need to collect ongoing information, we will help victims as much as possible with the provision of cameras, dictaphones, Noise App etc. to make the gathering of information as easy as possible.

<b>Outsourced services</b>	
If delivery of your strategy, policy or service is partly or wholly provided by external organisations / agencies, please list any arrangements you plan, to ensure that they promote equality and diversity.	West Mercia Police, Herefordshire Council and Shropshire Council all have robust equality and diversity policies and are held to a high standard.
<b>Relations between different equality groups</b>	
Does your assessment show that a policy or service may have a differential impact between any discrete groups? If yes, please explain how this issue is going to be tackled	No.
<b>Stage 4 – Summary of replies from individuals and stakeholders consulted, including any previous complaints on equality and diversity issues about the policy or service</b>	
None.	

<b>Stage 5 – Options resulting from this equality impact assessment, including measures necessary to minimise or remove any adverse impact and better promotion of equality and diversity. Consider any alternative solutions</b>
An individual equality impact assessment will be completed before carrying out any enforcement action on Hate crime cases. This will ensure that all options have been considered before entering a case to court.
<b>Stage 6 – Arrangements for regular monitoring of the impact of the policy, project or service</b>
